

2023

Annual Report

VISION LOSS
RESOURCES

DeafBlind
SERVICES
MINNESOTA

Vision Loss Resources and **DeafBlind Services Minnesota** had another great year providing education, service, and hope to Minnesotans statewide. As the State's largest provider of low vision/blind services, and Minnesota's only provider for deafblind individuals, we are incredibly proud of the impact that we have had in 2023. Your support was critical to that success. Read more to learn about the impact we had and the lives that we have changed.

"VLR and DBSM provide critical services to the low vision/blind and deafblind communities across Minnesota. We are committed to providing the education and support that our clients deserve as they gain the skills and confidence to achieve their own path in life. Working hand in hand with the State of Minnesota, and with so many supporters statewide, we celebrate the success of our clients and thank with pride the work of our talented staff."

Matt Kramer, President & CEO

Results

- We provided over **7,500 hours** of rehabilitation instruction to over 80 low vision/blind Minnesotans
- We hosted over **80 support groups**, including virtual ones attended by individuals nationwide!
- We served **nearly 100** deafblind Minnesotans, children and adults!

**Thank you to our
dedicated Board of
Directors.**

With over a century of service, Vision Loss Resources remains dedicated to our mission: creating a community of services, skills, and support. We'll keep empowering individuals with vision loss, helping them Adapt, Connect, and Thrive in their careers and well-being.
